

**SPENCER COUNTY FISCAL COURT  
AUGUST 3, 2020, 9:00 AM  
MEETING CONDUCTED VIA "ZOOM"**

In response to the public health emergency caused by COVID-19 and the current state of emergency, Spencer County Fiscal Court is utilizing the provisions of the newly enacted Senate bill 150 and hereby gives this notice that this meeting will be conducted by live video teleconference.

Opening prayer

**A. Call to order by County Judge Executive, John Riley**

**B. Roll call by Spencer County Clerk**

Roll call by Spencer County Clerk, Lynn Hesselbrock- all present

**C. Approval of the minutes from prior court meetings**

- Motion made by Esq. Travis, seconded by Esq. Brewer, with all members of the Court present voting "aye" by roll call vote, it is hereby ordered to approve the minutes from the July 20, 2020 Fiscal Court meeting with any corrections being made.

**D. Communications from County Judge Executive**

1. An air conditioning unit at EMS needs to be replaced. Quotes were being obtained and be presented at the August 17, 2020 meeting.

2. There has been an uptick in the number of COVID cases in the 4 county North Central department area, including Spencer County. He has been sending the press releases out to everyone. There were some that wondered publicly and privately why he, as County Judge didn't announce the specifics of cases and people who test positive and due to privacy concerns and HIPPA restraints, he could not and would not broadcast publicly specific people who test positive. The North Central Health District is notified by the labs of a positive or negative result and they take the appropriate action. That is all handled out of the North Central Health Department and the local health department, including the contact tracing which may or may not require people to be in quarantine as determined by the Health district.

3. The Jailer vehicle has had the transmission repaired, but the former Jailer vehicle has also had the transmission repaired. An insurance claim has been filed on the Jailer's Explorer because of the accident.

4. It was Esq. Travis' birthday and the Judge wished him happy birthday.

**E. Communications from citizens \*\*\*3-minute limit\*\*\***

1. Mr. Roy Legaspi

Mr. Legaspi came before the Court and asked that his words be on the record. He said that he had previously spoken with the Court in regards to responsibilities, due diligence, doing homework, doing analysis of various different topics. The most recent topic was the salary of employees. Early on before any votes were taken in regards to employee's salaries, he came before Fiscal Court and asked them to do their due diligence, do comparisons of salaries, job descriptions, and do an analysis of the overtime situation which is rampant within the county. Not one discussion was ever made with any of these topics other than after the fact when Brett Beaverson made a comment to do some review of employees, after the votes were made. But prior to the votes, there was no due diligence, and the responsibility falls on this Fiscal Court. It now falls on the Magistrates; we already know John Riley's agenda as far as the employee's salaries, he doesn't want to burden the backs of the employees. However now, the employee's salaries are out of control and we have created a monster. He said they were going to have a County courthouse that is going to be coming up and it's going to be a very expensive endeavor unless we do the same thing that Henry County did. Let the Courthouse take over the Courthouse and let the County lease buildings outside the Courthouse with no expense to the

County; he repeated, no expense to the County. He said that he had already done his homework on the Courthouse and he would be reporting on this in the next Fiscal meetings regarding what Henry County has done and what Spencer County plans to do with regards to the outrageous expenditures on the Courthouse. He knew what was happening and he would be reporting that. He thanked the Court.

**F. Communications/reports from members, other offices and committees**

1. Director Chris Limpp

Mr. Limpp informed the Court that as the Judge had said earlier, they were seeing a dramatic increase in the number of positive COVID cases in Spencer County. He said the increase may be due to the Health District starting to test again; they were testing weekly. What they had seen, and what he was calling the latest round, far greater numbers than what they saw at the onset of COVID in Spencer County. He said that they had some positive exposures to some County employees and they were following the CDC and local health district's recommendations and guidelines on how to deal with those. Last week he worked with the Judge Executive on a policy he gave to all department heads on some safety actions they needed to take with the pandemic. That was sent out to each of the department heads. They really needed to just stay diligent and mindful of the social distance and wear some sort of face mask; that was the easiest way to avoid exposure. What the North Central District and CDC considered exposure was if you were within 6 feet of a positive individual without personal protective equipment for greater than thirty minutes. So, they just needed to be diligent and social distancing and limiting the amount of face to face time we have and wearing personal protective equipment to the extent that is possible. There were no questions of Director Limpp. The Judge remarked that what they did as a Fiscal Court, particularly with EMS salaries, was, and he asked Director if he had 12 interviews, and before that, they were lucky to get any. So, they now could, hopefully, fill some of the fulltime positions.

2. Zoning readings and recommendations

Mrs. Sweazy came before the Court with three second readings which required action:

Clerk Spencer County Fiscal Court

John Riley  
Spencer County Judge/Executive

- Motion made by Esq. Beaverson, seconded by Esq. Brewer, with all members of the Court present voting "aye" by roll call vote, it is hereby ordered to approve the zoning request of Mrs. McAllister and Mr. Yates based on the findings of fact and the recommendation of the Planning Commission.

Mrs. Sweazy wanted to discuss openings in her office. She said that after offering Mrs. Kehne the \$15.25 Fiscal Court wanted her to offer, Mrs. Kehne was not interested in staying fulltime. However, Mrs. Sweazy relayed that Mrs. Kehne would be interested in the part time enforcement position. Mrs. Sweazy said she did not know whether or not the Court needed to do anything to move her from her fulltime position to a part time position. Mrs. Sweazy also informed the Court that she had asked Mrs. Kehne if she would be willing to stay in that part time position at the \$14.00 per hour pay rate. Mrs. Kehne had been agreeable. The Judge said he thought that they had some time because Mrs. Kehne was going to leave on September 1st. That would give them time to interview some folks and fill the fulltime position. As they did that the Judge said they could move Mrs. Kehne into the part time position. The Judge said that they could take that up either at their next meeting or the meeting after. Mrs. Sweazy said that she just wanted to make them aware so that if the Court felt that that wasn't a feasible change, she would have the time to advertise that position as well. The Judge asked if anyone had a comment and that this should have been under new business, or old business, he wanted to make sure that there was not objection from the Court members; essentially they were creating a part time position for enforcement, for Planning and Zoning and the Occupational Tax office, and filling the fulltime position that Mrs. Kehne will leave should they agree to move her into the part time position, and he didn't see any reason why they wouldn't. Esq. Travis asked if they should advertise for both the positions and give the public a chance to reply to those rather than just giving that to Mrs. Kehne. The Judge asked Mrs. Sweazy if she was okay with that and she replied if that was what they had to do she was. Esq. Travis said that he felt that it would be more transparent if they opened it up rather than just moving her into that position so that people would not think that they were taking sides. The Judge said that it was not unusual or unreasonable to move someone into, to apply for a lateral move.

### 3. Safety committee

Esq. Brewer reported that the Safety Committee had their briefing that morning. When they had met in February, they had talked about doing countywide training days, but because of COVID those got put on the back burner. They have elected to table that until further notice. It would probably be the first part of next year. He said that the County was still doing their regular weekly safety trainings they wanted them to get a little more in depth. They had talked about the COVID and how they wanted to step up the importance of wearing masks, and he thought that Director Limpp and the Judge had addressed that through their meetings last week. They put out to the County employees what they expected to happen. Safety seemed to be doing well; they didn't seem to be having as many accidents and incidents as they had in the past. He thought that the County employees were doing a good job and he would like to see it stay that way and even get better. The Judge said that he thought it was very important and he appreciated the Safety Committee stepping up and doing that and some of the departments, as a course of their regular schedule, they did weekly training, He knew that the road department and ems and some of the other departments did some training. It also had a big effect on their insurance.

### 4. Solid waste committee report

Esq. Travis reported that they had their last committee meeting on July 23<sup>rd</sup>. They had a representative from Rumpke trash collectors talk to them, advise them and give them some information about the coming contract for garbage collection. The contract will be expiring on December 31, 2020. They planned a meeting for August 20, 2020 with a representative from Republic to meet with them to give them information on what they can offer and general information. They would then begin to put out bids for the trash haulers.

5. Veteran's committee

Esq. Brewer said there was nothing to report.

6. Equipment committee report

Esq. J. Moody reported that Melvin's vehicle was back in operation. Esq. J. Moody relayed that he was having difficulty speaking with Adcock Transmission and wanted Fiscal Court to allow him to dispatch a tow truck to retrieve the Ford F150 from there. He said that he was very disappointed in Adcock Transmission.

- Motion made by Esq. Brewer that under the recommendation of Esq. J. Moody, seconded by Esq. Travis, with all members of the Court voting "aye" by roll call vote, it is hereby ordered to send a tow truck to Adcock Transmission to retrieve the F150 truck that was there for repairs.

Esq. Beaverson reported that he was about 90% done with the pay tables after speaking with the road department and he wanted to spend some time with the Judge to go over what they had found. He appreciated Director Limpp giving a lot of his time last week doing some straightening of the pay tables.

**G. Old business**

1. Audit proposals

The Judge said that as they knew, they requested audit proposals. The first round they got the proposal from their auditor that had done the last two years, Ed Lentz, and they had one other proposal that was substantially higher so they opted to re advertise for proposals and those were in their packets. One was substantially higher, he thought double, and it was pretty easy to eliminate that one. His concern, and he knew that one of the folks that submitted a proposal was on the ZOOM meeting this morning. His initial recommendation was to stay with the same auditor, Ed Lentz; he was competitive, he was familiar with the county. He understood the concept that you did not want to continually, year after year after year, use the same auditor. The Judge said that Jim sat on the KIPDA board with him, and they did that with KIPDA, although they use the same firm, they had different auditors within the fairly large firm that they can, so you don't have the same one, year after year. He said that they had a chance to look over the proposals. He said that in his conversation with one of the people who submitted a proposal, that they were aware of what Ed had charged, and it kind of appeared, and he just didn't think that, he didn't feel particularly comfortable with, in just undercutting somebody that had done a good job, by a few hundred dollars in getting the bid. But he was going to leave it up to them. This would be to award the contract to do the audit of the Fiscal Court for FY ending June 30, 2020. The Judge wanted it on the record that the Treasurer, Mr. Doug Williams, was with him, in his office and who remarked that they would need a single audit because of the federally funded work that they had done. That was not included in the proposals.

- Motion made by Esq. Travis to accept the proposal by RWH for auditing services in the amount of \$9,395.00. Motion seconded by Judge Riley. "ayes" were Esq. Brewer, Esq. Beaverson, Judge Riley and Esq. Travis. "nays" were Esq. J. Moody and Esq. M. Moody. Motion passes.

**H. New business**

2. Taylorsville Spencer County Fire Department tax rates

Chief Nation was present to discuss the tax rates. He remarked that the tax rates were the same as they had been for the last two years. He said that the law had changed starting January 1 of 2021, special districts, including them, would now be subject to the 4%, the same as the County. So, in the future, instead of setting flat rates, those would be things to be taken into consideration. It may be a little longer for them to get the rates to the Court next year, Chief Nation also said that he wanted to comment, although not about tax rates, that he thanked them for their actions a while back on the radios. He said that he was not trying to speak for the Sheriff, city police or EMS but, he thought that they would all agree that once getting that all in, it helped the efficiency of everybody, and he wanted to thank them for that. He said that they had done a tax increase a couple years earlier, and they put information out to the public on how they were going to utilize those funds, and they tried to keep the public updated on that through their Face Book page and through the newspaper. With this being the

two-year mark, they were going to put out a comparison of what they said they would do and where they were. Esq. Travis thanked Chief Nation and said it was a very good report with a lot of information. Esq. J. Moody thanked Chief Nation too saying it was the most thorough report coming from anywhere in the County and he thought he had done a tremendous job. Esq. Travis asked why the Chief had included smoke detectors and community events in his run report and Chief Nation replied it was just to document smoke detector events and community events. The Chief said that the Board met the second Monday at 10:00 am at the station on Water Street.

As the representative for the local jurisdiction named above, I certify that these requested property tax rates have been set for the above year.

Questions concerning this form and the property tax rate levels can be directed to Megan Greene at (502) 564-7378 or Katie Young at (502) 782-5862.

The Judge said he had a recommendation to hire a full time Animal Control Officer, not just a kennel worker, Nicholas Scott Wilkerson. James Houchins and he had both talked to him, he thought it would be a very good hire for that position; it was a very difficult position to find someone, and it was his recommendation to hire Nicholas Scott Wilkerson as a fulltime Deputy Animal Control Officer, pending drug screen and background check, at \$14.00 per hour. The Judge said that they had cast the net out there for this position, the previous time they cast the net they got a significant number of applications, but none that would measure up to being an Animal Control Officer, so they kind of pulled in their horns on it and decided to the possibility of hiring just a kennel worker but, that didn't help them where they needed to be. Right now, and he didn't mind sharing this, the Animal Control Officer was in isolation, they had been filling in with Randy Bush and Wayne from Recycle Center, so right now, he had no one other than Wayne over there doing anything with Animal shelter. He said that at the end of the day, they would be down to three dogs. He had a call last night from Taylorsville Police Department about some stray dogs that he would have liked picked up, but he had no one to do that. He really wanted to get this new hire moving and begin training and get him in place.

- Motion made by Esq. Travis, seconded by Esq. Beaverson, with all members of the Court present voting "aye" by roll call vote, except Esq. J. Moody and Esq. M. Moody who voted "nay" it is hereby ordered to hire Nicholas Scott Wilkerson as a fulltime Animal Control Officer at \$14.00 per hour, pending background check and drug screen.

Esq. Brewer asked why that department was not placed on emergency only calls. They had taken action to limit the contacts that the Recycling Center were making, but they were allowing the Animal Control department to have contact with numerous, numerous people that was not an emergency at this point in time. Esq. Brewer said that might limit the exposure of the County personnel. The Judge remarked that essentially that was what they were doing; emergency only. He said a lot of people had a difficult time understanding what was an emergency and was not an emergency. He said that he had told the Officer the previous night that unless that dog has got their jaws locked on a kid, running down the street, that's an emergency, that would warrant. He said that people had a difficult time understanding what was an emergency and what was not an emergency.

6. ems new hires:

Esq. Brewer asked if the hires would eliminate overtime and Director Limpp said it should eliminate quite a bit, hopefully most of the unscheduled fulltime overtime. It would still leave 2 spots to keep their part timers employed. This was filling a spot that Rob Winn left and a spot he left.

- Motion made by Esq. Beaverson, seconded by Esq. Brewer, with all members of the Court present voting "aye" by roll call vote, it is hereby ordered to hire the above individuals at the stated pay rates pending drug screen and background checks.

Esq. Travis asked if it would be possible to allow Director Limpp to hire these people without coming before Fiscal Court because they set the pay rates for those and as long as he hired somebody for that position at the pay rate that they set, just to keep him from coming to Fiscal Court each month asking their permission to hire, and allow him that authority to do that. The Judge said he believed that the auditors would look for action from the Court to establish the hire date and pay rate and everything. Esq. Travis asked the Judge if he was sure of that and the Judge replied yes. Director Limpp remarked that with a new employee and did their scheduling, coming to Court was not a setback for him, because like the two new employees, he told them that their start date would be the middle of this month, so they would precept those two new employees until their first scheduled shift of September. That way, their first scheduled shift in September will be close. So, coming to Court allowed him that extra time to precept those employees and kind of get them used to their system, so its kind of works out well.

7. Solid waste ordinance

- Motion made by Esq. Travis, seconded by Esq. Brewer to accept the Solid Waste ordinance for first reading. "aye" were Esq. Brewer, Esq. Travis and Judge Riley. "nays" were Esq. Beaverson, Esq. J. Moody and Esq. M. Moody. Motion fails.
