**PUBLIC HEARING FOR 2017 GRANT APPLICATION OF LAND AND WATER CONSERVATION FUNDS
SPECIAL MEETING
MONDAY, APRIL 17, 2017, 6:30 PM
SPENCER COUNTY FISCAL COURT ROOM
28 EAST MAIN STREET
MINUTES**

The meeting was called to order at 6:41 pm. A quorum was present with Esq. Moore, Esq. Goodlett, Judge Riley and Esq. Bayers.

The Judge explained that this was the public hearing for the grant application of Land and Water Conservation Funds.

The Judge explained that this was a required hearing for the grant application and it was an opportunity for the public to speak on how they would like to see the grant money spent.

1. Raina Allen came before the Court to tell them that she had collected 300 signatures from the parents of the youth baseball teams. The Judge said he had extra copies of the letter if anyone present in the Court room would like to fill one out and support the grant application. The Judge said that this was the third time this Court had applied for the grant for lighting at the Parks. Ms. Allen said that Spencer County had to start their season before anyone else due to the fact that they did not have lights. She also said that they were unable to have tournaments due to not having lights as well. She said that having lights would generate thousands of dollars in revenue for surrounding businesses. She said lack of lights prohibited them from having adult baseball and Fall baseball leagues. She said there was interest in Adult church leagues as well. The Treasurer asked how many kids signed up and Ms. Allen replied 321.

2. Mr. Jerry Allen came before the Court, husband of Ms. Raina Allen. He said that he had been involved in baseball and softball for over 40 years. He said he participated to give back to the community and his goal was to see some of the young players put Spencer County on the map. He said he put forth hours and hours in coaching. He said he takes the time to make practice available to the young players. He said many of the practices are held at his home because the park did not have enough room and was limited. He said he would really like to see the lights installed at the parks. *** Esq. Judd joined the meeting at this time ***. He said that light poles had been donated, and if the Court needed information on the strength of the poles, he could obtain that information. He said that there was not much more that needed to be done to complete the project such as purchase the wiring and running the wiring. He said that Trent DeRudder thought that there was enough material present that they would only need to purchase the lights and the perches they sat on. Mr. Allen said that he thought that there were enough volunteers to get the project finished.

3. Mr. Roger Foley spoke to the Court regarding a lease for the use of the ballfields. He said he was under the impression that it was a public park. He said that he had worked for two days at the park in a volunteer basis. He said what bothered him was that Fiscal Court wanted to charge for the use of the parks for kids.

The Judge said that they would go ahead and close the public hearing. He said they would make sure and get all the information to KIPDA and include it with the grant application. Ms. Allen again

encouraged the members of Fiscal Court to come to the park and watch the children play ball. She also said that many people had come to the park and commented that the scoreboards were working.

SPENCER COUNTY FISCAL COURT

SPENCER COUNTY FISCAL COURT MEETING ROOM
28 EAST MAIN STREET
MINUTES

The Judge instructed the Court that he was going to amend the agenda as follows: the 'Nuisance Ordinance, second reading', was to be moved from New Business to Old Business, he wanted to add under Old Business "sheriff's ammo discussion", and add under New Business 'discussion of Sheriff's Office and duties.' The Judge said he neglected to get 'sheriff ammo discussion' on the agenda, and it had been talked about at the last meeting.

- A. **MOMENT OF SILENT PRAYER**
- B. **PLEDGE OF ALLEGIANCE TO THE U.S AND KENTUCKY FLAGS**
- C. **CALL TO ORDER BY THE COUNTY JUDGE EXECUTIVE, JOHN RILEY**
- D. **ROLL CALL BY SPENCER COUNTY CLERK, LYNN HESSELBROCK- ALL PRESENT**
- E. **APPROVAL OF MINUTES FROM PRIOR COURT MEETINGS**

- Motion made by Esq. Goodlett, seconded by Esq. Bayers, with all members of the Court present voting 'aye' by roll call vote, it is hereby ordered to approve the minutes from the April 3, 2017 special meeting on County Road Aid with any corrections being made. Esq. Moore said 'Judge, I just have a question. Are these minutes, I guess, I'll ask this question of the Clerk, are these minutes transcribed word for word from the meeting?' The Clerk responded 'no, if somebody is directly quoted, they are, from the video.' Esq. Moore continued 'okay,' and the Clerk asked him if there was something in the minutes that he thought needed to be corrected. Esq. Moore replied 'no, I guess what concerns me, when I look at this, the perception as looking at it, it's the complete minutes of the meeting, okay, word for word. When in essence, that's not true. So, when the taxpayers look at this, they're going to perceive this as the gospel from the meeting, or could. And that kind of concerns me. If we're going to do to this extent, and I feel it ought to be word for word, and totally transparent.' The Clerk replied 'okay, transparency is my goal.' Esq. Moore replied 'I'm with you. I really don't think it's the right thing to do, versus having minutes with bullet points and highlights of the meeting, and then if the taxpayers want to get the meeting from the Clerk, er the PVA, Planning and Zoning, they could. It would be a lot easier. But to vote on this, we're actually being asked to vote on something we don't know whether it's complete or not, we don't know what's been left out.' The Judge said 'there's ample information on meeting minutes, Attorney Generals' opinion and so forth, they're not intended to be a transcript of everything that's been said at a meeting, that it's the official actions that are taken during the meeting, not everything that everyone has said during the meeting, but, uh, I've raised this issue before, and didn't seem to be taken very well. Esq. Moore said 'it just bothers me' and the Judge interjected 'it does bother me because there's a lot of things we're, I mean if we vote to approve these minutes we're saying that everything in here is true and accurate and it may not necessarily be.' Esq. Moore said 'and then again, I'm

concerned about the perception that it is a total packet of the total minutes by this Court, when in essence, it's not, it's, I guess, your opinion of what goes in and what does not.' The Clerk replied that she got the information off the DVD, and 'I'm not changing anything ...' Esq. Moore interjected 'I'm not saying that, it's just the perception with it being a book. I'm not, I'm just not comfortable voting on it, because I really don't really know what's in it. I don't know what was left out of it, let's say that.' The Judge said 'well I would again, I would strongly urge you to stick to the main points, it's not the, and I know you're trying to make a transcript, but sometimes just a comma in the wrong place can change the whole meaning of what was said, I know you like to talk about, you like to quote every time I say "uh", that's ridiculous, frankly. You know that, and I know that, but you insist on doing it. So, anyway, any other comments?' The Clerk suggested the Fiscal Court meetings be televised on cable franchise. The Judge said 'these meetings are recorded, they're available to anybody that would like them, I know many of you, including the Clerk, does get that, so, they are available.' Roll call vote on the motion was 'ayes' were Esq. Judd, Esq. Goodlett, Judge Riley, Esq. Bayers and Esq. Rogers. 'nays' were Esq. Moore. Motion carries.

- Motion made by Esq. Bayers, seconded by Esq. Rogers, with all members of the Court voting 'aye' by roll call vote, except for Esq. Judd, who abstained, it is hereby ordered to approve the minutes from the special Court meeting of April 12, 2017, with any corrections being made.

F. COMMUNICATIONS FROM CITIZENS *3 MINUTE LIMIT*****

1. Mr. Troy Baskin was on the agenda, but was not present in the Courtroom.
2. Mr. Lawrence Trageser came before the Court to start by saying Mr. Foley had yielded 3 minutes to him to speak. Mr. Trageser said that the Court should be aware that as of yesterday just before 6:00 pm, there was a murder in Spencer County involving Candy Bennett shooting her husband. He said while this was not unusual in and of itself, what was unusual was that the County did not have a Sheriff's Department that is responding. Mr. Trageser said the Sheriff did not respond on weekends or from midnight until 8:00 in the morning. He went on to say that those who remember back to 2016 they had a Sheriff who lied and said he was on duty, but that he wasn't according to his schedule from KSP. Mr. Trageser said he didn't show up at a plane crash, he didn't show up at a drowning, both on the same Sunday. Mr. Trageser recounted several incidents that had occurred over the last three months where the Sheriff had not been present. Mr. Trageser said the Court should be aware that KSP is calling the Sheriff by landline on every event. Mr. Trageser said that many times the Sheriff said that he was not coming. Mr. Trageser went on 'the City of Taylorsville is secretly going to be in negotiations with your Judge on having this Court enter into a contract for services for police. Now that contract may be for a limited amount of time, or it may be for all times. Now I printed a contract last year, and some of you thought it was a joke, but too many times often more than not, what I publish and bring to your attention comes to pass. So, don't let it be passed on you magistrates that you weren't made aware that the City is going to talk to your Judge about this, and you need to take action. It's time that you stand up, Bayers, Judd, and we move forward in removing this Sheriff. If he wants to collect taxes, fine. But you need to get a police agency in this County now, and stop this political retribution and the games that he's playing. This is ridiculous, and you know he's got enough money to man somebody 24/7. There's no question about that, and he chooses

not to because he's arrogant. Now that brings me to the point of the ammunition that I discussed with you at the last meeting. And counselor Jones had these documents as well as many others, and I totaled it up, since March of 2011, our Sheriff has spent \$22,660.58 on ammunition. 51,490 rounds.' Mr. Trageser went on to say if anyone had checked to see if we had taken over an island in the Caribbean or taken over a part of Henry County or Anderson County. He wanted to know if we were preparing for Al Qaida. Mr. Trageser said that when he asked through open records requests where all the rounds had been expelled, he said Sheriff Stump could not do it. He said he was only provided documents from 2014. He said after he left the last meeting the Sheriff didn't want to answer any questions and didn't know how much ammunition he had. Mr. Trageser read a credit card statement from former Judge Karrer that showed the purchase of three safes for \$300.00 for the Sheriff. He asked the members of Court if they were aware that the Sheriff had 3 safes to store ammunition. He said a fourth safe was obtained for Tim Montgomery for arranging the deal. Mr. Trageser went on that one safe was in the Sheriff's office, he said the other safe was on the Sheriff's farm. He said that there was a third safe. He told the Court that they had paid for the safes. Mr. Trageser asked the Court why the Sheriff was not willing to tell them where his ammunition was located. He went on to say that the Sheriff had M-16's in his cars, in his office and that he had ammunition. He said that this was not a missile defense site. Mr. Trageser said he thought that the Court did not need to give the Sheriff one more bullet. He asked whether the Sheriff or any Deputy had to use one bullet in their service.

G. COMMUNICATIONS FROM THE COUNTY JUDGE EXECUTIVE

1. The Judge said that they had had an election for the Spencer County Kentucky Levee Flood Control and Drainage District #1.

April 1, 2017
4:00 PM

Election Totals
for
Spencer County Kentucky Levee Flood Control and Drainage District #1

<u>Commissioner Candidate Name</u>	<u>Vote Total</u>	<u>Notes</u>
Mike Driscoll	3	
Gary Kehne	1	
Mike Woodford	3	Disqualified – Non Resident

<u>Secretary Candidate Name</u>	<u>Vote Total</u>
Robert Black	6

Gary Kehne has declined to serve and Mike Woodford was disqualified and Mike Driscoll got 3 votes. Mr. Robert Black got 6 votes for Secretary. The Judge said he would be getting with the County Attorney and try to determine what the proper course of action would be to fill the 2 vacancies. He said he will report back to the Court on that. The Judge said he was not sure if that would mean another election or if it would be an appointment.

2. The Judge said that there was an email he received from Rob Brown with regard to insurance. The Judge pointed out that there was a significant increase, up about 4%, on Worker's Comp and KALF insurance premiums. The Judge said speaking to the Treasurer, 'we are going to have an insurance committee meeting but that would be on health insurance, I believe you sent an email out to the committee on that?' The Treasurer responded that he had sent out an email yesterday afternoon.

3. The Judge said he had received an email from the Department of Transportation dealing with Highway 1633.

KY 1633 closure in Spencer County extended to April 21

Louisville, KY (April 13, 2017) - The Kentucky Transportation Cabinet (KYTC) advises motorists that the closure of KY 1633 (Elk Creek Road) in Spencer County will be extended through Friday, April 21. KYTC maintenance staff are performing embankment stabilization along Pond Run Creek.

KY 1633 closed on April 3 to thru traffic between Red Bud Way and Yoder Station Road (mile markers 0.9 to 2.6). The road was scheduled to be opened by April 17, but heavy rains last week slowed the progress of this work.

This section of KY 1633 will remain open for residents along this route. The road will remain closed to thru traffic because the guardrail must be removed to perform the embankment repairs. Motorists can detour this area via KY 55 and KY 44.

The date and duration of this work may be adjusted if inclement weather or other unforeseen delays occur. Visit goky.ky.gov for the latest in traffic and travel information in the Commonwealth of Kentucky. You can also get traffic information for the District 5 counties at facebook.com/KYTCDistrict5 and twitter.com/KYTCDistrict5.

H. COMMUNICATIONS/REPORTS FROM MEMBERS, OTHER OFFICES, AND COMMITTEES.

1. Buildings and Grounds committee

a) sheriff building update

The Judge said that they 'continue to work on that and that they had a couple day's setback With regard to the finish on the drywall. The dry-wallers had to come back in and do some work in order to get the painters in there. The painters began today, they did get the primer coat up, and they will be working on that, hopefully that will be finished this week. And as soon as that is finished, we're going to be putting down carpet. I know there was a change today in the type of flooring that is going to be going in the tax collection office area. I know the Sheriff has been informed of that, and I assume you're okay with that change; it will be more of a hard surface than carpeting. I think it will give better service in there. Other than that, the next, is there anything else under Building and Grounds committee? I think Esq. Rogers, you looked at some issues with both my office and Stephannie's office?' Esq. Rogers replied 'Stephannie's office.' The Judge said "I got a report on that..' Esq. Rogers said 'I talked to Randy today and he said he was busy, he'll get to it as quick as he could.' The Judge said 'okay, he has been extremely busy in trying to get the Sheriff's office wrapped up, we've got a repair to make on that front stair of the Courthouse, we still are going to have to

do something with the box guttering on the old Courthouse building, as well as tuckpointing on that portion of the building, and I'm also beginning to get some estimates on painting of the tax office. We had that sand blasted...' Esq. Rogers said 'it's been that way ever since Garland Armstrong got from over there, I can't see any reason that it's been left that long. If Randy or Darrell can't do it, we need to hire somebody to do it.' The Judge replied 'we're more than likely we're going to have to it depends on what all needs to be done in there, so.' Esq. Rogers continued 'what I see Darrell could of done it.' The Judge said 'yeah, yeah, it's just a matter of getting a..' and Esq. Rogers said 'it's just simple' and the Judge replied 'yeah, yeah, um again it's the dedication has been to the Sheriff's office to get that completed.' Esq. Rogers replied 'well, it ain't been no six, seven years Judge, they ain't been in the Sheriff's office for six or seven years.' And the Judge replied 'yeah, well as, as I mentioned to you before, we have a lot of things in the County that need attention, so, okay, anything else in regards to buildings and grounds?'

2. Zoning, readings and recommendations.

There were none.

3. Solid Waste committee

There was nothing to report

4. Veteran's committee

There was nothing to report

5. Equipment committee

There was nothing to report. The County has taken possession of the remounted ambulance, which was Med 2.

6. Administrative Code committee

There was nothing to report at this time. The Judge said 'I know there are some things in the works on that'

7. Nuisance ordinance committee

The Judge said that they would get to that under Old Business.

8. Cable Franchise committee.

Esq. Bayers said that they had met last Wednesday and had a very limited agenda. He said he was selected as Chairman of the committee. He said that they had also elected Jim Hodge as the Vice Chair-person. Esq. Bayers said that they were still working on a secretary. He said that the current contract for cable ends May 5th. He said one of the things that they were discussing was their engagement of Linda Ain as an attorney to represent us in the negotiations. The Judge said 'that engagement letter was in the packet last meeting and it's in the packet again this meeting, and I believe you're probably going to make a motion that we...' and Esq. Bayers said 'I am' Judge Riley continued 'authorize me to engage....' And Esq. Bayers continued 'we voted unanimously to hire Linda Ain as our attorney on that. Jim Hodge spoke directly about her, that she is the expert in terms of these franchise agreements and that he would highly recommend us hiring her. He is an attorney himself, but he said with the details of the contracts, it takes an attorney who knows what they're looking at. Our last cable franchise contract was done twenty years ago, I suspect this one will be under ten years this time, but, depending on the counsel that we have really kind of affects you whether you have a decent contract or not. So, he highly recommended that we hire her, said that she's been doing work with Louisville and their cable franchise for over

twenty years, that they had hired her and she has done nothing but an excellent job. So, we did make a motion to engage her, I would like to make a motion here to Fiscal Court that we go ahead and engage Linda Ain as our attorney to represent us in this cable franchise agreement. She charges..' and the Judge interjected 'let's get a motion...' and Esq. Bayers said "I make that motion, motion to engage..." and Judge Riley interjected 'yeah, motion is to authorize me to engage Linda Ain as the attorney for our cable franchise committee.'

- Motion made by Esq. Bayers to authorize Judge Riley to engage Linda Ain as the attorney to represent the cable franchise committee. Motion seconded by Esq. Judd. Motion carries by unanimous roll call vote.

Esq. Bayers said that the one thing he did was to talk to Ms. Ain to try and determine an estimate of the cost of her services. Esq. Bayers said 'typically, she said we probably could look at somewhere between \$10,000.00 and \$15,000.00 for the entire franchise agreement. That was just the best estimate she could give me, it depends on how much work she does, but, I feel very confident that her services are very necessary.' Esq. Moore asked if Esq. Bayers had a discussion with Ms. Ain about recouping her fees in the contract with the cable companies?' Esq. Bayers replied 'yes, typically, that does happen, it's not guaranteed but, typically her fees are reimbursed by the cable companies at the conclusion of the contract renewal.' The Judge said 'yeah, and one of the aims of the committee is to try to bring Spencer County into the 21st century in terms of high speed internet connections and so forth.' Esq. Bayers said 'these agreements I found out after the more in depth they got, I've gotten into it, is not just cable franchise, it's not just internet, it can deal with cell service, and not just cell service, but cell service across the county in certain areas, can be adjusted, I'd guess you'd say, there are ways to fill in the dead areas in our county which we all know we have, probably each one of us have some in our districts, there are ways to solve that, and these cable franchise agreements actually address that , so, we will be looking at that as well. We want to get the best deal for our county as a whole, because obviously, this is, this contract is probably going to be five to ten years, so, we want to make sure it's done right. Obviously, a lot has changed in terms of telecommunications in general in the last twenty years...' and the Judge said 'it's constantly changing, yeah,' Esq. Bayers continued, 'I expect it to be quite different even in just five years from now, so,'

9. The Clerk asked to be recognized to inform the Court of some information that came in at the last minutes. The Judge said she could proceed. The Clerk said that she had received her office's fees audit for the period ending 12/31/15 and there were no negative comments. It was a good audit with no problems found. The Clerk also informed the Court that a small refrigerator that she had in her office, which was her refrigerator from home, had gone out of service on Friday and she had several quotes for replacement refrigerators. The Clerk said the payment for the refrigerator could come out of the HB 537-line item account. The Judge said 'I'm going to ask that we take that up at the next meeting, and uh, we'll have time to study that. It's very easy to add something to the agenda if you'd like to. Thank you.' The Clerk responded that people brought items in at the last minute all the time, sometimes with quotes on their cell phones, and the Judge said 'yes, thank you.'

I. OLD BUSINESS

1. Nuisance Ordinance, second reading and adoption.

SPENCER COUNTY, KENTUCKY
ORDINANCE NO. _____
FISCAL YEAR 2017 SERIES

AN ORDINANCE RELATING TO THE REGULATION OF NUISANCE IN

- A. Farm property is exempt from this Ordinance.
4. Common Law and Statutory Nuisances.

In addition to what is declared in this Ordinance to be a public nuisance, those offenses which are known to the common law and statutes of Kentucky as public nuisances may be treated as such, and be proceeded against, as provided in this Ordinance or in accordance with any other provision of law.

5. Certain Conditions Declared a Nuisance.

It shall be unlawful for the owner, occupant, or person having control or management of

any land in unincorporated areas within the territorial jurisdiction of Spencer County to permit a public nuisance or health hazard to exist. The following conditions are declared to be public nuisances if visible from a public roadway:

- A. Dwellings unfit for human habitation: Buildings unfit for human habitation that are visible from a county, state, federal or public roadway.
 - B. Dilapidated buildings: Any accessory building, house or structure visible from a county, state, federal or public roadway which is so out of repair and dilapidated that it constitutes a fire hazard liable to catch on fire or communicate fire, or which due to inadequate maintenance or neglect, endangers the public health, welfare, or safety.
 - C. Accumulation of rubbish: An accumulation or dumping on any premises of filth, refuse, trash, garbage, or other waste material which endangers the public health, welfare, or safety, because of the danger of its catching or communicating fire, its attracting and propagating vermin, rodents or insects, or its blowing of rubbish into any highway, road, street, sidewalk or property of another.
 - D. The parking, storage or abandonment of any kind of motor vehicle on any private or public property for a period of time in excess of thirty (30) days which is inoperative, except on premises authorized by the Community for such purposes, this section shall not apply to abandoned vehicles in an enclosed building.
 - E. For any owners, lessee, occupant having control of any dwelling, vacant lots; and all public and private parking lots to maintain or permit the maintenance of obnoxious growth.
 - F. This Ordinance prohibits the keeping of discarded items on private property within the unincorporated limits of the county and such discarded items are hereby declared to be public nuisances.
6. Abatement Procedures.
- A. It shall be the duty of the personnel designated by the Spencer Fiscal Court, ("inspector") to serve or cause to be served a notice upon the owner or occupant of any premises on which there is kept or maintained any nuisance in violation of the provisions of this Ordinance and to demand abatement of the nuisance within seven (7) days unless the nuisance constitutes an immediate danger to the health and well being of the community. If such danger is present, the nuisance shall be abated within 24 hours of notice. If the address of the persons is unknown and cannot be ascertained by the Inspector in the exercise of reasonable diligence, the Inspector shall make an affidavit to that effect, and the serving of notice may be made by publication in a newspaper of general circulation for two (2) consecutive publications. A copy of the notice shall be posted in a

conspicuous place on the premises affected by the notice and it shall be recorded in the office of the County Clerk. Any costs associated with this notice and publication will be included in any lien on the premises.

- B. If the person so served does not abate the nuisance within seven (7) days, the county may at the discretion of Fiscal Court, but is not required to, proceed to abate the nuisance or the County may employ independent contractors to abate the nuisance. The person or persons employed to abate the nuisance shall have the full right of access to the property with such personnel, machinery and equipment as are necessary to abate the nuisance. The County shall keep a record of the costs incurred to notify and publish same and to abate the nuisance. Said costs shall be charged to and paid by the owner and/or occupant.
- C. Charges for nuisance abatement shall be a lien on the premises nuisance abatement charges shall include labor, equipment usage, fuel and oil, attorney's fees, filing fees, publication cost, court costs, and all other fees and charges when incurred by the County for the abatement of the nuisance, enforcement of the lien and foreclosure on the property. Whenever a bill for charges remains unpaid for sixty (60) days after it has been rendered, the Fiscal Court or its designated representative may file with the County Clerk a statement of lien claim. This statement shall contain a legal description of the premises, the expenses and costs incurred, the date the nuisance was abated and a notice that the County claims a lien for this amount. Notice of the lien claim shall be mailed to the owner of the premises if his/her address is known. However, failure to record the lien claim or to mail the notice or failure of the owner to receive the notice, shall not affect the right for the County to file a lien for cleanup charges.

If any section, subsection, sentence, clause, phrase, or portion of this Ordinance is for any reason held invalid or unconstitutional by any court of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision, and such holding shall not affect the validity of the remaining portions hereof. All ordinances or parts of ordinances in conflict herewith are to the extent of such conflict, hereby repealed.

JOHN RILEY, JUDGE-EXECUTIVE
SPENCER COUNTY FISCAL COURT

ATTEST: _____
Spencer County Fiscal Court Clerk

- Motion made by Esq. Judd, seconded by Esq. Rogers, with all members of the Court present voting 'aye' by roll call vote, it is hereby ordered to approve and adopt the Nuisance Ordinance for Spencer County Kentucky.

2. Sheriff ammunition

The Judge said that he had neglected to get this on the agenda, but they had discussed this at the last meeting. The Judge said that he had not received any type of inventory from the Sheriff. He said he also had not received any detailed listing of what he had requested on his purchase order. The Sheriff commented that he was not going to give out the location or amount of ammunition on the advice of his attorney. Esq. Moore said 'what about the quotes?' and the Sheriff replied he did not know this was going to be back on the agenda so he had not prepared anything. The Judge asked the Sheriff if he wanted the item to be placed on the next weeks' agenda and the Sheriff replied they could do what they wanted.

RE: Mt. Eden Fire Protection District (MEFPD)

Dear Judge:

The Board of Trustees of the MEFPD unanimously supports the re-appointment of Bob Jones to a new board term of 7/1/17 to 6/30/20.

We would appreciate your consideration for his re-appointment.

Very truly yours,

JAMES G. HODGE

JGH/tah

✓ CC: Chairman Duane McClain

MEFPD

- Motion made by Esq. Goodlett, seconded by Esq. Rogers, with all members of the Court present voting 'aye' by voice vote, it is hereby ordered to re-appoint Mr. Bob Jones to another 4- year term commencing on July 1, 2017 and ending on June 30, 2020.

2. EMS patches.

The Judge said Chris Limpp was on duty today but couldn't make the meeting. He was requesting the purchase of 200 to 300 of these patches. Esq. Bayers clarified that Mr. Limpp was requesting the purchase of 200 patches and the Judge said he was seeking approval to purchase 200 patches at \$2.50 each. Esq. Moore asked if there was another quote. The Judge said that the quote they had was the only quote he knew of. Esq. Bayers

asked if there was a reason that Mr. Limpp needed so many patches. The Judge said they could get more information and act on the item later.

Chief Phil Crumpton

The Judge said that the calls for assistance had steadily climbed until April of 2016 when there was a dramatic increase. The Judge said 'there was quite obviously a concern about that.' He said he wanted to make sure the members of the Court had the report and he said 'I am going to be talking to the City, both Mayors, some of the Commissioners I've already talked to, and also the City Police Chief, Kenny Stuart, to see what we can do about that because I know that they're not going to be able to continue to do this for nothing.' The Judge continued 'I just wanted you all to have that, and I will keep you posted on discussions that may be, maybe we need to schedule a joint meeting between Fiscal Court and the City Commission to determine what we, what course of action we need to take on this. It is a serious problem that we're going to have to address in some form, so,' Esq. Judd said that at one time the KSP was not notifying the Sheriff's office and forwarding the calls to the City and the KSP. The Judge replied 'yeah, well I think probably you'll find that there's no one scheduled from, I can't tell from the timesheets, it looks like nobody on Saturday or Sunday in the Sheriff's office.' Esq. Judd said that happened when you, and he meant the Court took funding away from the Sheriff and the Judge replied 'well the Sheriff has plenty of funding for performing their duties' and Esq. Judd said 'not for 24/7, there's no way he can do it' Judge Riley said 'well, okay, have you seen the schedule or.. and Esq. Judd said 'no, I don't have to' and the Judge replied 'yeah' and asked the Sheriff if he could provide a schedule and the Sheriff replied he was not going to provide a schedule due to security concerns and the Judge replied 'there you go, so' Esq. Judd said if the Sheriff told them his needs, they should listen to him. The Judge replied 'okay, well I think we need some way of verifying what hours they're working, there's not a lot of accountability there, so' Esq. Judd asked if EMS or the Road Department was required to account for their hours worked. The Judge said they did so by means of their timesheets. The Judge then went on to say that most people knew that the County had a very good Road Foremen with a solid military background, and it was the Marine in him, the Judge said he could get him (the Road Foreman) down to a crew of 2 and he said Todd Burch would be telling him 'Judge I'm going to get the job done, he is that way, he's going to get the job done, he's going to go to work and do everything he can to get the job done. I don't think we've had that same level of commitment....' Discussion continued with Esq. Rogers saying there were more Road Department staff than ever. The Judge went on 'we certainly should have adequate coverage from our Sheriff or at least some accountability'

4. Quarterly financial report, period ending 3/31/2017.

The Treasurer had a copy of the quarterly report and a copy is on file in the Judge's office.

5. Review and approval of expenditures, purchases, invoices and transfers.
